 congress state governors health care providers and consumer advocates

the patient protection and affordable care act herein known as the affordable care act aca was signed into law on march 23 2010
 several provisions of the law went into effect in 2010 including requirements to cover children up to age 26 and to prohibit insurance
 companies from denying coverage based on preexisting conditions for children other provisions will go into effect during 2014
 including the requirement for all individuals to purchase health insurance in 2014 insurance purchasers will be allowed but not obliged
 to buy their coverage through newly established health insurance exchanges hies marketplaces designed to make it easier for
 customers to comparison shop among plans and for low and moderate income individuals to obtain public subsidies to purchase private
 health insurance the exchanges will offer a choice of private health plans and all plans must include a standard core set of covered
 benefits called essential health benefits ehbs the department of health and human services requested that the institute of medicine
 iom recommend criteria and methods for determining and updating the ehbs in response the iom convened two workshops in 2011

where experts from federal and state government as well as employers insurers providers consumers and health care researchers were asked to identify current methods for determining medical necessity and share decision making approaches to determining which benefits would be covered and other benefit design practices essential health benefits summarizes the presentations in this workshop the committee s recommendations will be released in a subsequent report
