22 out of the 26 chapters will be available open access on elgaronline when the book is published the handbook of sociological science offers a refreshing integrated perspective on research programs and ongoing developments in sociological science it highlights key shared theoretical and methodological features thereby contributing to progress and cumulative growth of sociological knowledge

excerpt from outlines of sociology this little work has been mainly the outcome of a course of lectures which i delivered at the school of sociology of the hartford society for education extension in 1894 and 1895 they were given merely from notes in six lectures the first of these years and expanded into twelve lectures the follow ing year in substantially their present form the american journal of sociology having been instituted in that year i was requested to contribute and one of the twelve lectures appeared in each number from its first issue that of july 1895 until its twelfth that of may 1897 forming an uninter rupted series about the publisher forgotten books publishes hundreds of thousands of rare and classic books find more at forgottenbooks com this book is a reproduction of an important historical work forgotten books uses state of the art technology to digitally reconstruct the work preserving the original format whilst repairing imperfections present in the aged copy in rare cases an imperfection in the original such as a blemish or missing page may be replicated in our edition we do however repair the vast majority of imperfections successfully any imperfections that remain are intentionally left to preserve the state of such historical works

established in 1895 as the first u s scholarly journal in its field ajs remains a leading voice for analysis and research in the social sciences presenting work on the theory methods practice and history of sociology ajs also seeks the application of perspectives from other social sciences and publishes papers by psychologists anthropologists statisticians economists educators historians and political scientists

anthony giddens is one of the most respected and influential social theorists at work today this wide ranging and stimulating

volume first published in 1991 provides an authoritative and penetrating critical assessment of social theory it will be of use to all students of sociology and social theory

excerpt from sociology this book pretends to be merely an introduction to the study of sociology there is nothing original in it except that it is the formulation and views of a teacher and student of the vast field of sociology it was prepared to meet the demands of those who have some curiosity about the nature of society and sociology but have not a great deal of time in which to satisfy it sufficient references accompany the various chapters to enable the reader and student to make a larger study of the subject and it is hoped that this simple outline will not extinguish any whole some craving for information but may even whet the appetite for subsequent and more extensive investigations about the publisher forgotten books publishes hundreds of thousands of rare and classic books find more at forgottenbooks.com this book is a reproduction of an important historical work forgotten books uses state of the art technology to digitally reconstruct the work preserving the original format whilst repairing imperfections present in the aged copy in rare cases an imperfection in the original such as a blemish or missing page may be replicated in our edition we do however repair the vast majority of imperfections successfully any imperfections that remain are intentionally left to preserve the state of such historical works

reprint of the original first published in 1874

the urban setting in which people live has an important influence upon the organization and planning of their social lives he nottridge here presents a valuable introduction to the field of urban sociology showing that it is a theoretical discipline which is worthy of consideration in its own right throughout his account mr nottridge places strong emphasis on the need for comparative perspectives he uses a wide range of source material from urban environments as far apart as shanty towns in developing countries and the great metropolitan complexity of london he covers such topics as scope and methods in urban sociology social differences in towns and in the context of urban social structure the family and network theories he also analyses the work of the chicago school of weber tonnies park redfield and wirth assessing their value for modern urban sociology the author concludes with an examination of housing migration and urban poverty this book was first published in

1972

in adopting an international perspective that goes beyond the conventional framework of western theology this volume bridges the divide between european and north american scholars through its careful retrieval of their common theoretical and research interests cipriani provides a critical analysis of both classical thought and contemporary currents in this readable text aimed at both experts and students he has achieved a broadening in the scientific approach to the study of religion

excerpt from an introduction to sociology the reader who has no previous acquaintance with the literature of sociology will probably be considerably surprised at the immense strides made in the scientific analysis of social phenomena during the last half century he will also be gratified to learn that while this country is backward in almost every other science and in scientific research generally especially as compared with germany in sociology thanks to the labors of lester f ward america holds a foremost place about the publisher forgotten books publishes hundreds of thousands of rare and classic books find more at forgottenbooks.com this book is a reproduction of an important historical work forgotten books uses state of the art technology to digitally reconstruct the work preserving the original format whilst repairing imperfections present in the aged copy in rare cases an imperfection in the original such as a blemish or missing page may be replicated in our edition we do however repair the vast majority of imperfections successfully any imperfections that remain are intentionally left to preserve the state of such historical works

sociology of religion represents a documented introduction to the history of sociological thought as applied to religious phenomena it examines both the substantive and functional definitions of religion that are more open pluralistic and not inscribed in a single explanatory horizon or within a single confessional perspective the contributors concerns are carefully written to show all sides of the argument roberto cipriani argues for the simple definition that the sociology of religion is an application of sociological theories and methods to religious phenomena historically close ties between sociology and the sociology of religion exist the slow and uneven development of theory and methods affects the sociology of religion s

development but the latter has also benefited from increasing precision and scientific validity other sociological writers agree and disagree about different approaches some assume it is a militantly confessional or anti confessional others remain neutral within their work
