this book describes and evaluates the usefulness of a recently developed lexicographical hybrid the encyclopedic learner s dictionary
eld first the eld is analysed from a typological perspective
two encyclopedic learners dictionaries are dissected and compared and a checklist of eld design features is drawn up
a survey of previous user based studies is then provided followed by a description of the questionnaire based methodology used in this user centred investigation
next a critical analysis of each eld design feature is provided finally the implications of this research for the future production of elds are presented as a checklist of recommendations
